

Introduction courses at Christ Church

We run a number of introduction courses through the year for anyone interested or curious about the Christian faith. Our pastors are also happy to have a chat with you if you have specific questions or would like to discuss the Christian belief.

The two main introductory courses that we run throughout the year are Christianity Explored and Simply Christianity. In October/Nov 2009, we will be also offering a course called "Jesus - all about life". Please do ring us on 9817 2631 for more information and/or would like to register your interest to attend.
